## **PRESIDENT'S MESSAGE**

**Bob DeLeonard #7**

Courtesy Patrol (CP) members are generally the most active of our membership and may go on to become officers or directors of the association. All of your NJBBA presidents have served or are serving as members of CP. Our efforts, as CP people, have shown a marked improvement in service to both our members and the non-fishing public. Yet one would be surprised as to how many individuals and groups have never heard of NJBBA and our efforts in protecting the beach resource and users.

A member of the CP has certain responsibilities not only to NJBBA members, but also for the general welfare of everything that happens on your beach. As a matter of fact, less time will be spent helping out NJBBGA members than non-members, since our membership is already informed on beach ethics and behavior. However, this is not to say that NJBBA members never get into trouble.

At renewal time or on a new membership application there is a check of if anyone is interested in joining a CP Applicant may also tell an officer, director, or CP coordinator of the interest. These names are put into a waiting list that is kept by the coordinators for them to reference when an opening occurs. When applying for the patrol, be sure to indicate which beach you prefer. Putting down several beaches only tends to confuse the issue and may cause confusion.

Each patrol has a set number of members based on the size of the beach and whether it is a year round beach as opposed to ones that are closed in the summer. Each patrol is balanced so that the proper amount of coverage is given to its particular area. An equal amount of locals and those that live away is the ideal situation so that the coverage will protect the resource both in season and out, weekends, week-days, and evenings. Today's patrols have become dispensers of information, supplies, and membership kits. The politics of our hobby seems much more in the forefront. With added fishing pressure expect more questions on the how and where of surf fishing itself.

NJBBA is a partnership of many smaller local groups that work together for the purpose of keeping everyone's beach open. To expect complete support from other areas means support for each other in all of our endeavors. The association recommends CP members attend not only the conservation projects in your area, but to visit at least one other beach for an activity annually.

The coordinators have all the same concerns and responsibilities as a regular CP member plus they must make sure that the other patrol members are doing their job and that any pertinent information concerning beach access and preservation is properly passed along to a NJBBA officer. The coordinator must decide who is and is not performing, who is not showing up for projects and activities. NJBBA EXPECTS CP MEMBERS TO COOPERATE WITH THE COORDINATOR ON THIS. That information is weighed as to how the individual does at representing the patrol at meetings, activities and projects. The coordinator must make sure that the assistant coordinator is kept abreast of everything so that the link to report abuses is not interrupted.

*(Continued on page 2)*

**(cont from front page)**

Some beach authorities have rules which, by our experience, seem to be out of order with what we know better elsewhere. Until we can get those rules changed, we must set an example and not break them. When CP's are seen breaking the law, it reflects on the association as a whole. The CP is on the beach to patrol and safeguard our membership and the resource. The CP flag flown by patrol members is very effective in order to be seen, identified, and found when needed. Going about incognito leaves the rest of the patrol without support. When on the beach, CP members must agree to be visible.

NJBBA would like to know as much as possible about your beach. Who is the authority? How does each authority spend the permit money? What individuals, homeowners, groups, or organizations are interested in seeing your beach closed to buggies? What environmental problems may cause you to lose access to part of your entire beach? What environmental programs or projects do you see that would be useful to us in stopping specific or general problems? What walk on problems do you see? Who are the locals that might be helpful if a problem arises?

The lifeblood of NJBBA is the membership and how we act on the beach. There seems to be plenty of mobile sport fishermen who join the association not understanding what we stand for and what we do. Courtesy Patrol members are an invaluable means to get this information out on the local level.

To: NJBBA Officers, Directors and Volunteers

From: Bob Lick, NJBBA #3 &amp; Past-President

I finally received my copy of NJBBA News. Winter weather slows even the Pony Express.

I read the News immediately and after over sixty years of NJBBA membership, I still burst at the seams with pride. I wish to thank each and every one of you that gives of your precious time to serve. I am particularly proud of what you all do for our veterans, our youth and those with special needs.

New Jersey now has a new administration in Trenton. Change always requires NJBBA representatives to educate these new folks of NJBBA's service and value to the State. I wish you the very best in this important effort.

I know you will keep up the outstanding work and I will continue to be a proud member.

## 2018 Holgate Beach Cleanup

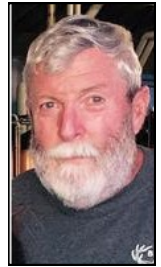

# The 2018 Pete D'Alessio Memorial Fishing Flea Market on January 27<sup>th</sup> was a huge success! Hope to see everyone next year.

# NEW AIR COMPRESSOR AT IBSP

The New Jersey Beach Buggy Association has purchased and donated a new air compressor for use by the recreational mobile sport fishing community at the air station in the office parking lot at IBSP. The new air compressor is a beefy unit. It has a two stage 5hp motor and puts out 16.5 cfm. The NJBBA is also responsible for fixing the A7 air compressor 5 years ago when the electric motor failed. The NJBBA purchased a new electric motor in September of 2013 and installed it. The Berkeley Striper Club donated money for half the cost. Then Paul Harris had the idea to have the burned out motor rebuilt and it was taken to Lakewood Electric. The NJBBA picked up the tab and the rebuilt electric motor sits on a shelf in the maintenance building and is ready as a backup when needed.

The NJBBA lost someone dear to us, Patrick James Leahey passed this June 4<sup>th</sup>, 2018. Pat #831 was a 30 year NJBBA member, a long standing member of the Berkeley Striper club and a founding member of Friends of Island Beach. He was awarded "Volunteer of the Year" for his efforts in ceremonies held for every one of those organizations. Pat served on active duty with the U.S. Army and included time as an Officer and Platoon Leader. Pat had an incredible willingness to succeed which led him to great accomplishments. His family and friends are very proud of a life well led.

On a personal note: One night some years ago, during a Berkeley Striper Club meeting as I started the process to get something back that we lost at IBSP. Things weren't going well for me until this guy in the back stood up and introduced his self as an NJBBA member. It was Pat, within seconds there was good discussion on the floor and he saved my butt! That was Pat and he always stood his ground for what he believed to be right.

With his soft spoken voice and his good sense of humor, would make any situation, good or bad, feel right!

Rest In Peace Pat.....NJBBA Editor

## THE FISHING INDIANS

On April 28, NJBBA'S High School fishing club The 'Fishing Indians' of Toms River South entered the 'Nicole Born Memorial Surf Fishing Tournament' on Long Beach Island. The tournament was formed to honor the late Nicole Born who passed at a very young age. She was quite a fishing person and the daughter of a long time NJBBA member Gary Born.

We had 6 members of the club participate, all who are seniors as this will be the last time to compete before their graduation. There was a lack of fish caught in the tournament and we didn't get on the score board but the club fished hard and caught 4 short Bass.

We had had a few freshmen sign up for the club so now there are 16 members. If anyone would like to help support the High School Fishing club, please contact me.

## NJBBA'S FISHING INDIANS FISH TAKE FIRST PLACE IN THE 2018 GOV CUP

On May 20th our High School Fishing team 'The Fishing Indians of Toms River South' competed in the GSFT and took first place in the High School Division! 16 students came out to fish and 4 NJBBA members assisted the team: Carole Harris

#11, Maureen Bailey #239, Paul Harris #84 and Bill Mackintosh #1090. Five High Schools competed in the tournament with a total of 50 students fishing. Toms River South finished in 1<sup>st</sup> place, Toms River North was in 2<sup>nd</sup> place and Del. Valley High School finished 3<sup>rd</sup> place. Manasquan High School and Lacy High School also competed. Dan Damato of our team took 1<sup>st</sup> place in the adult male Bluefish category with a 35 1/2" fish. Dan's fish also put the Indians in 1<sup>st</sup> place in the high school competition. There were other fish caught: Dan had 2 other blues, Mason Augustino had a short bass and Eli Mc Ewan had a 20 1/4" blue.

## **The Judge's Shack**

Is there a single Island Beach State Park feature more iconic than the Judge's Shack? Not in my opinion. Since "The Shack" was originally constructed in approximately 1911, it has survived endless northeasters, hurricanes and relocations. I was, excuse the pun, blown away when "The Shack" stood strong against the rampages of super storm Sandy. There is a wonderful history of "The Judge's Shack" written by Judge Hartshorne's (who purchased the "Shack" in 1942) daughter, the late Penelope Hartshorne Batcheler. This history can be found on our NJBBA.org website. I encourage you to check it out.

In case you haven't heard, "The Shack" is no longer in private ownership. Prior to his passing, the Judge's son John generously transferred the title to the State of New Jersey. It probably comes as no surprise that the State does not have the necessary funds to maintain the structure. Therefore, a small group of people have formed "The Friends of the Judge's Shack," a 501c3 organization formed to obtain funds and maintain "The Shack". Volunteer help is the majority of the assistance.

If you believe "The Shack" should be preserved I encourage you to contribute monies and/or your time to help it remain for many years to come. Contribute and volunteer by contacting:

*he Friends of the Judge's Shack*

## **"ISLAND BEACH - A Sonnet in the Sand"**

Written by Gordon Hesse, this is the latest and best publication ever produced on the subject, in my opinion. Did you know Island Beach was off limits during WWII? This was due, in part, to the fact it was being used as a rocket testing facility. This information, many photos and much more are contained in this wonderful book for all that love Island Beach and the Jersey Shore. I highly recommend you get a copy; I treasure mine.

## **Making the Public Welcome on New Jersey Beaches and Waterfronts**

The N.J. Legislature is once again trying to guarantee the public's access to beaches and waterfronts in New Jersey via Bill S-1074. These guarantees are enumerated in the Public Trust Doctrine. Sadly, the Doctrine has been ignored way too often. I urge you to send a note of thanks to the Bill sponsors:

**Chairman Bob Smith**  
216 Stelton Rd Suite E-5  
Piscataway, NJ 08854

**Senator Christopher "Kip" Bateman**  
36 East Main St.  
Somerville, NJ 08876

**S-1074 is extremely important, so please contact your local representative and urge him or her to support this legislation.**

**(Cont-Barks:)**

## **“ISLAND BEACH IS FOR THE BIRDS”**

This was proclaimed on thousands of bumper stickers all over New Jersey around 1960. The State Park folks had announced their extensive plans for the development of Island Beach State Park. Many bath houses, a marina, swimming pool and other permanent structures were planned. The people of New Jersey rebelled, hence the bumper stickers. The Park folks got the message and then followed with a long period of management for preservation.

Is it possible the State has dusted off their original plans? A privately operated restaurant and bar at OB-1, the northern bath house, has opened. Is this in keeping with “ISLAND BEACH IS FOR THE BIRDS?” Everywhere we look in Park regulations we read, “No alcohol permitted.” There has always been a hidden conflict with this regulation at Island Beach when we consider the Governor’s Mansion and the Bay House. They are always dry, right?

Now there exists a potential situation where someone in the Park with a cold beer and ham sandwich will likely receive a summons while another person within the Park is embraced doing the exact same thing at the restaurant/bar. I know full well the world is often not a fair place, but an effort should be made to make it as fair as possible for all.

Is it time to bring the various Park stakeholders together once again to closely monitor N.J. State Parks Department plans for park development and privatization? In my view, neither is a good thing. Bumper stickers worked years ago; hopefully they won’t be needed again.

## **Volunteerism**

I understand there are several vacancies on the NJBBA Board of Directors. This is a sad situation because fewer people are required to work harder due to lack of Directors. This is nothing new. It seems when things are going well participation wanes. But, if you have any inclination to get involved this is a good time as it is not as hectic as under crisis situations. My activism in NJBBA is one of the most personally rewarding things I have ever experienced. I encourage you to give it a try. Your contribution level only needs to be to the extent you are comfortable. One benefit is that you won’t be fired. I appreciate any level of members’ contribution.

Thank you and tight lines,

**Bob Lick, Past-President NJBBA #3**

# IBSP Beach Driving Class

This year's beach driving class was held on April 8. We typically schedule the driving classes at Brigantine for the Saturday after Easter and IPSP the next day. Check our website in March for next year's dates and info. This year at IBSP there were 42 participants. There was classroom instruction by Bob Conover and Bob DeLeonard followed by the class taking their vehicles on the beach from OBA 1 to the inlet and back to A-7 so they could take what they learned and see how their vehicle responds in the sand. They aired down at the park office and aired up at A-7. 15 NJBBA volunteers rode with them to answer questions that arose during the drive. Most questions are from first time drivers wondering if what they are feeling from their vehicles is common. Usually it is common but being their first time they are curious.

Bob DeLeonard

# NJBBA VETS

On April 14 Ron Patten, Paul Harris, Sol Weinstein and Walt Llewellyn joined up with George Forman to help with the 'Opening Day Fishing Tournament' for Kids and Vets. The Northfield Municipal Alliance sponsored the event which is held every year at Birch Grove Park in Northfield, New Jersey. This was the first year the Vets participated and 5 attended from the Vineland Veterans Memorial Home. There were 120 children in attendance and there were nice fish caught including some beautiful trout. It was a great day and everyone had a good time.

**Ed Moehring #279** from Westfield, NJ joined the NJBBA In January of 1985. He turned 96 years young on June 28<sup>th</sup> and is in good spirits but can no longer get out to enjoy fishing. He contacted Membership Secretary Ken Hollins #23 and told him he would like to donate all his fishing gear, lures and tackle. So after arrangements were made, Ken and Gary Conk took a ride and picked everything up. All proceeds from the sale of the fishing equipment will benefit the veteran's and children's events. Some of the items are available on our website at [www.njbba.org](http://www.njbba.org) and listed on the 'Trading Post'. Check back often as more and more will be posted for sale and will also be at the 'NJBBA Fishing Flea Market' in January of 2019. It was so nice of Ed to do this and we really appreciate his generosity. Ed received an NJBBA crewneck sweatshirt and a hat. **THANKS SO MUCH ED!**

This pool is separate from the free Surf Fishing Contest but your entries in that contest determine the winners amongst the individuals who join this pool. The largest fish in each category among members in this pool wins the total amount collected for that species. In the event no fish is caught in a species, all entries will be put in a hat and a winner will be drawn. Awards will be made at the Annual Banquet. This entry must be postmarked before the date any fish are caught that is entered in this pool.

Circle the categories you would like to enter:

- Type of Fish**
- No. Kingfish \$2.00
  - Bluefish \$2.00
  - Weakfish \$2.00
  - Fluke \$2.00
  - Striped Bass \$2.00

Enclose \$2.00 for each category entered

**Rules and Regulations**

This contest shall be known as the NJBBA Surf Fishing Contest. There is no entry or registration fee; however, only paid up members of the NJBBA may participate.

All fish must be caught by hook and line/rod and reel between March 1 and December 31 from the surf, bay shore, pier or jetties in New Jersey waters (no boats)

Species included are Northern Kingfish, Bluefish, Striped Bass, Weak Fish and Fluke.

There will be a 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> prize in each category, with \$50 for 1<sup>st</sup>, \$30 for 2<sup>nd</sup> and \$15 for 3<sup>rd</sup>. No participant may win more than one prize for each category.

Prizes will be awarded at the Annual Banquet.

Only this Affidavit or an exact facsimile will be accepted and must be postmarked within 5 days of the date the fish was caught. The affidavit must be filled out completely and if not may be cause for disqualification.

Fish must be weighed at any bait and tackle shop in the state of New Jersey.

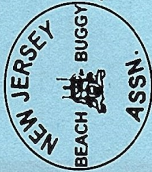

Winners will be determined by weight and in the event of a tie by girth.

NJBBA Board of Directors reserves the right to modify this tournament or rules should the circumstances arise. The decision of the Officers and Board of Directors will be final.

Mail the completed Affidavit within 5 days of the catch to:
